Vinny's Big Adventure
Meet Vinny, the VNS Therapy Bear!
Vinny needed help to feel better so his family and Dr. Owlbert worked together.
Vinny’s family and Dr. Owlbert decided VNS Therapy was the right choice for him.
One special day, Vinny and his family went to the hospital.
Dr. Owlbert helped Vinny fall asleep and then put VNS Therapy in his chest.
When he woke up after a short nap, Vinny had a couple of new bandages.
Vinny and his family went home later that day.
Vinny feels better with VNS Therapy. He hopes you feel better, too!
